About CCPA

The California Consumer Privacy Act (CCPA) provides California residents with specific rights, including the right to delete or request access to certain types of data, as well as to ask us not to sell your personal information. Under CCPA, businesses that process these requests must publish information about them. That information for California residents for the period of January 1, 2021 through December 31, 2021 is below*. You can read more about CCPA and your choices on our California Page in the Privacy Center.
